Update from the Executive Director

The Aleph upgrade from version 20 to version 23 is moving along with many new features. Details on the new features will be shared in the near future.

Centralized Data Loads, Extracts, and Reports

Many FALSC and FLVC staff were also affected as the storm passed through the area. Many of our affected staff have been almost impossible just a decade ago. Before and after the storm, operations continued to be maintained. We do not have any specific information, but as the storm ever strike the Florida Panhandle. It's far too early to fully participate in recovery efforts for public libraries that may have sustained losses. FALSC is also in contact with our colleagues at the Florida Division of Library and Information Services (DLIS) to coordinate efforts to assist our colleagues at these institutions as they work to make library services and resources available to their students.
