EXPLORE COLLEGES & UNIVERSITIES

Choosing the college or university that's right for you will help you shine in school.

State Colleges & Universities
Florida has 40 public colleges and universities that offer a range of degrees and experiences. From a historically black university in the state capital to a preeminent research university in central Florida to a community college located in the lush tropical paradise of the Florida Keys, the Sunshine State has the school that's right for you. Nearly all of Florida's state colleges and universities offer online degree programs.

UNIVERSITY OF CENTRAL FLORIDA

4000 Central Florida Blvd
Orlando, FL 32816
(407) 823-2000

AT A GLANCE

The University of Central Florida, founded in 1963, is the second-largest university in the nation. Located in Orlando, Florida, UCF and its 12 colleges provide opportunities to 61,000 students in 210 degree programs. Named the nation's No. 3 "Up-and-Coming" university in the 2015 U.S. News & World Report Best Colleges rankings, UCF is an academic, partnership and research leader in engineering and computer science, modeling and simulation, business administration, biomedical science, education, hospitality management and digital media. And our programs extend learning beyond the classroom with cooperative education, internships and paid research positions that help our graduates earn high-paying positions. To learn more, visit ucf.edu.

University of Central Florida (UCF) is a Public institution located in the Central-East region of Florida. UCF has Regional Accreditation.

The main campus in Orlando, FL has a Large City feeling. 11% of students take advantage of the On-Campus Housing.

University of Central Florida offers programs that lead to the following types of degrees:

- BS - Psychology
- BS - Biomedical Sciences
- BS - Health Sciences - Pre-Clinical
- BSN - Nursing / Nursing RN-BSN
- BS - Biology

Discover Online Degrees

DISCOVER DEGREE PROGRAMS
Selecting a degree that prepares you for life after graduation will make your future bright.

Types of Degrees
Students can earn different types of degrees based on their academic and career goals. The academic requirements of the program, average time to complete the degree, and job opportunities for graduates are important factors to consider.

- An Associate of Arts prepares students to pursue a four-year baccalaureate degree. Most degrees require 60 credits and can be completed in two years. Students who earn an Associate of Arts at a state college are guaranteed admission to a state university, although not necessarily the university of their choice.
- An Associate of Science prepares students to directly enter the workforce. Most degrees require 60 credits and can be completed in two years. Students who earn an Associate of Science are not guaranteed admission to a state university.
- A Baccalaureate of Arts or Baccalaureate of Science, known commonly as a bachelor’s degree, is a four-year degree. These types of degrees are offered at all state universities and most state colleges.

UNIVERSITY OF CENTRAL FLORIDA
BACHELOR OF ARTS - ANTHROPOLOGY

AT LEAST ONE REQUIREMENT HAS NOT BEEN SATISFIED

(RG) CURRENT TERM REGISTRATION. "RG" COURSES ARE INCLUDED IN THE REQUIREMENT CALCULATIONS.

FILING YOUR INTENT TO GRADUATE (ITG) FORM AND YOUR COLLEGE OF SCIENCES (COS) GRADUATION (GRAD) FORM:

If you are planning to complete all requirements and graduate by the end of Spring 2015, your deadline for filing your "Intent to Graduate" form is DECEMBER 5, 2014.
---for Summer 2015, the deadline is APRIL 24, 2015.
---for Fall 2015, the deadline is AUGUST 1, 2015.

BEFORE filing your ITG form:
1) ALL majors, minors, & certificates you expect to complete MUST BE DECLARED through my.ucf.edu.
2) enroll in your remaining classes. You must be enrolled at UCF and ONLY UCF in your final term. You may NOT be enrolled at another institution in your final term. If you do not need add’l courses, please e-mail cosgraduation@ucf.edu to request enrollment into a zero credit class. There is a fee with this class equivalent to one credit hour of tuition.
Take a Course at Another School

Florida makes it easy for students to take a course at another state college or university as a transient student.

Academic Success Worksheets

Developing Your Study Skills

1. Complete the assigned readings before class.
2. Find out exactly what the test will cover.
3. Find a good place to study.
4. Create your own study guides.
5. Go to class and take good notes.
6. Create flash cards.
7. Study with other students.
8. Access online resources for your class.

Helpful Study Tips

- A lot of times you'll need to get a head start on your reading.
- By completing the reading before you go to class, you'll pick up important key terms and concepts and will have a better understanding of the topics when they are discussed in class.

Managing Your Time

- Time management alone is not enough! Part of managing your time is managing your attention.
- When studying at home or school, try these tips to help you stay focused:
  - Turn off your phone before you start a study session.
  - Work offline whenever possible.
  - Allow for two minutes to organize your work area.
  - Have a plan for your study session.

Note Taking Skills

Research shows that 99% of students take notes during lectures. But most students don't do it correctly. Did you know...

- Students typically only record less than 40 percent of the lecture's main ideas and content.
- Less than half of students review their notes after they have written them.
- Only a third of students edit their notes by adding, deleting, or organizing the material.
- Some students never look at the notes again after they leave class.

Learning Style

- Note taking is an essential skill for you, but it's only effective if used correctly. Try using the VARK Learning Style when taking notes.

Visual

- Watch your teacher and the screen, during notes, power point or video presentations, or visual aids are being used.

Aural

- Listen to the lecture. You can also record it and listen to it later for review.

Read/Write

- Write down what you see and hear so that you can review it later.

Kinesthetic

- Use multiple senses, such as listening, watching, reading, writing, and doing.
MyCareerShines

- Students who have a plan are more likely to achieve their education goals on time and on budget
- Understanding the educational requirements for a job is the first step to pursuing that career
- Exploring occupations can help individuals find a career path that works for them
MyCareerShines

• High school courses should be selected in relation to a career goal.
• Career plans should dictate the amount and kind of postsecondary education you pursue.
• Having career goals gives meaning to school work and increases motivation.
• Making career choices early makes it possible to get all needed high school courses and to complete two- or four-year college in minimum time.
MyCareerShines

• New Education and Career Planning Tool
• Free education and career planning for Floridians from kindergarten through life
• Replaces Florida Choices
• First major change in career and education planning for Florida in 25 years
• Powered by Kuder®, an internationally recognized provider of research-based assessments
Personalized Planning

Users will be able to:

• Assess their interests, skills and work values
• Explore careers and occupations
• Identify educational requirements for jobs
• Find financial aid
• Develop a professional portfolio of personal resources, such as resumes, cover letters and references
Information about Yourself

- The system offers three online assessments that measure your interests, skills, and work values.
- You can complete all three in a half-hour or less.
- Each suggests a list of occupations for in-depth exploration; the system merges the lists into one.
- Having this combined list enables you to focus on these occupations and not have to study the remaining 950+ occupations.
Information about Occupations

• The system uses information collected by the United States Department of Labor.
• All of the occupations in the United States are described in text and video – almost 1,000.
• Detailed information is provided about each, including salary and job outlook in your state.
• The system allows you to explore all 1,000 occupations as well as get information about the specific occupations suggested by the results of the three assessments.
Education and Financial Aid

• The system teaches you about various kinds of education you could pursue after high school.
• The system identifies postsecondary majors based on your assessment results.
• The system offers a search through a database of more than 7,000 schools and colleges by many characteristics.
• The system offers a search through a database of 1.6 million scholarships and grants.
Plan for Work

• The system assists you in doing a résumé online and sending it to an employer.
• You can also write a cover letter and collect a list of references.
• You can complete a sample job application.
• You can store all of these items in your electronic portfolio and upload others.
• You can learn how to participate in a job interview.
Find a Job

- Teaches you various ways to find job openings.
- Links you to several job-hunting databases.
- Allows you to build a public e-portfolio (website) to which you can refer employers.
Welcome to MyCareerShines

MyCareerShines is an online education and career planning system that gives you the tools you need to build a foundation for lifelong career success. You will learn what your interests, skills and work values are and how to apply them to a career plan for your future.

This website also helps you with real-world skills such as how to write resumes and cover letters, how to research employers, and how to prepare for job interviews. You can even create an electronic profile that you may choose to share online with prospective colleges or employers.
